

Clivia Month
at Babylonstoren

Presented by:
Dr Hans Roos

Date:
19 September 2015

Time:
10h00 -12h00

Meet us at the **Farm Shop** at 10h00, from where we will walk along the stream, through the Clivia Collection with Hans. He generously gave us the 9 000 Clivias, that flower every spring in the shade of the wild olives trees.

During the talk, Hans will share his passion for Clivia that has enchanted him for more than 20 years, recollecting unique experiences, like observing the different species in the wild, to the romance of growing and hybridizing these lilies.

This talk will give you a better understanding of where and how Clivia grow naturally, as well as prove you with information that will help you grow them at home.

Refreshments will be served

Cost R 150 per person

Reserve your spot with Bronwynne or Leandra at
enquiries@babylonstoren.com or phone +27 (0)84 275 1243
